Marcia Puc  
Mark Bakstis  
Tracy DeBarber  
Jeff Litke

**OTHERS:**

Sue Goggin  
Wayne Zirolli  
Curt Jones

Public - 2

The Commission met at 874 May Street to review the above-referenced application for regulated activities within the one hundred foot (100') Upland Review Area. The applicant was proposing a mixed use development and wetland crossing within the hundred foot (100') Upland Review Area.

First, the group walked into the site and Curt Jones, the applicant's engineer, noted where the store would be located. They continued into the property to another stake which was the location of where the road branched off. They located an existing barn which Curt noted, was the location where the road will go through. He pointed out the wetland flags past the stone wall. Curt noted the next stake where they are proposing a stormwater renovation and where the wetland crossing is to be located. They continued to walk the rest of the site and Curt showed them where the road crosses between two wetland areas.

No other discussion took place and the meeting was recessed at 6:40 PM to the November 2, 2016 regular meeting.
